“DAMA S ČIPKAMI”

Slavnostna otvoritev

Petek, 16. junij 2017, ob 21.30, Mestni trg

Letošnja otvoritvena slovesnost 36. festivala idrijske čipke nas bo popeljala v notranji svet čipke, kakršnega lahko zaslutimo, ko se rodi iz belih niti in zaživi v perilu, obleki in nakitu. Dekle, ki, ko odraste, odide v širni svet, a doma nikoli ne pozabi. Njena duša ostne vedno enaka: nežna, skrivnostna in zapeljiva. In nič je ne more spremeniti, tudi, ko postane dama.

Petkovo slovesno otvoritev bodo letos ustvarili domači ustvarjalci, po večletnem premoru obujeno Dramatično društvo Idrija, združeno s podmladkom Male gledališke šole Gimnazije Jurija Vege Idrija. Igralci bodo skozi znano romanco George Bernarda Shawa Pygmalion (oziroma My Fair Lady) prikazali zgodbino mladega dekleta, ki želi postati dama. Prodaja čipke, sebe in svoje duše pa noče prodati, saj se je močno prepletla z nitmi idrijske čipke. Odrsko dogajanje bo glasbeno spremļjal Godalni orkester Glasbene šole Idrija, skozi poletni večer pa nas bo popeljala Sanja Rejc.

Otvoritveno slovesnost so zasnovali Ana Kržišnik Blažica in ustvarjalci otvoritve.

“MY LACE LADY”

Grand Opening

Friday, June 16 2017, at 9:30, Mestni trg

This year's grand opening of the 36th Idrija Lace Festival will take us on a journey through the internal world of lace, which is born out of white threads and comes to life in lingerie, clothing and jewellery. A girl grows up and begins exploring the wide world, but never forgets her home. Her soul remains the same: gentle, mysterious and seductive. Nothing can change her, even when she becomes a lady.

Local performers will grace the stage of Friday's grand opening. Dramatic Society Idrija, which has been revived after several years, will join forces with young actors from the Small Theatre School, which is a part of Jurij Vega secondary school. The actors will perform George Bernard Shaw's famous romantic play Pygmalion, which tells the story of a young girl who wishes to become a lady. She sells lace; however, she is not willing to sell her body or her soul, as she is entwined with the threads of Idrija Lace. Musical accompaniment will be provided by the string orchestra from the Music School Idrija, and the event will be hosted by Sanja Rejc.

The grand opening was directed by Ana Kržišnik Blažica and other creators of the show.

SPOMINČICE, MALE KLEKLJANE MOJSTROVINE

Osrednja razstava Društva klekljaric idrijske čipke

Mestni muzej Idrija, grad Gwerkennegg, Razstavišče Nikolaja Pirnata, Prelovčeva 9

Odprtje razstave: petek, 16. junij ob 19.00, grad Gwerkennegg

16.-18. junij: po urniku razstav

»Spominčice zasadimo le enkrat, potem nam ostanejo zveste in same skrbijo za podmladek.« Rože izražajo ljubezen in povezanost. Pravijo, da tistega, ki nosi s seboj spominčice, ljubljena oseba ne bo nikoli pozabila. Letos najlepše cvetijo prav drobne spominčice. »To bodi vaše ime,« jih je po stari nemški legendi poimenoval bog, a šele potem, ko je podelil imena že vsemu, kar je na zemlji s trudom ustvaril. Na kakšnih sto in več različnih cvetic istega rodu, belih in modrih pa tudi roza barve, ga je namreč iz trave opozoril šele šibak glas: »Gospod, ne pozabi nas!«. »Ne pozabite nas!« pa nam sporočajo tudi čipke – miniature ali kako drugače – na osrednji razstavi članic Društva klekljaric idrijske čipke. Po starih in manj starih, morda že pozabljenih vzorcih – od »firme« Franz Lapajne do Čipkarske zadruge in podjetja Čipka iz Idrije – pa tudi po nekaterih izpeljankah in povsem novih »papircih« je 70 klekljaric ustvarilo več kot 400 majhnih, zahtevnih in malo manj zahtevnih čipk; od teh nekaj pravih klekljarskih mojstrovin.

FORGET-ME-NOTS, LITTLE LACE MASTERPIECES

Central exhibition by the Association of Idrija Lace Lace-Makers

Idrija Municipal Museum, Gwerkennegg Castle, Nikolaj Pirnat Exhibit Space, Prelovčeva 9

Opening of the exhibition: Friday, 16 June 2017 at 7 PM, Gwerkennegg Castle

16-18 June: see the exhibitions schedule

“Forget-me-nots are planted only once, as they are faithful flowers and take care of their offspring themselves.”

Flowers express love and intimacy. They say that those who carry forget-me-nots will never be forgotten by their loved ones. This year, the tiny blooming forget-me-nots are the most beautiful flowers on the field. “This will be your name,” said God, according to the old German legend, but only after he named everything else that he created. A faint voice, coming from the grass, warned god about hundreds of different white, blue and pink flowers of the same genus and said: “Lord, forget-me-not.”

“Do not forget us!” is also the message conveyed by the lace, miniature or otherwise, on display at the central exhibition by the Association of Idrija Lace Lace-Makers using old, maybe already forgotten, brands (Franz Lapajne, Lace Cooperative, company Čipka), derivative or completely new patterns, 70 lace-makes created more than 400 small, challenging and a little less challenging lace, some of which are true masterpieces.

BELA GOLOBICA – NA VALOVIH ALFA

Čipkasta instalacija Eve Petrič

Cerkev sv. Trojice

16.-18. junij: po urniku razstav

19.-23. junij: od 16.00 do 19.00

Bela golobica na valovih alfa nas obletava z dvojnim poslanstvom: spoznali naj bi, da je mladim parom usojen polet na valovih alfa, polet, ki jih spreminja v eno samo veliko srce, ko se z ljubljeno osebo vežejo v skupno življenje. In to srce je na valovih alfa, v zaljubljenosti, kakor golobica. Je drhteče, čisto, brez kančka dvoma pripravljeno na povezovanje, ustvarjanje več poti in združevanje različnih poti dveh posameznikov, dveh različnih zalogajev DNK – kakor senčni podobi secesijskih siren, dveh duš, dveh hrepenenj. Velika instalacija je bila ustvarjena za predstavitev Idrije na svetovnem čipkarskem kongresu OIDFA 2016.

WHITE DOVE – ON ALPHA WAVES

Lace installation by Eva Petrič

Church of Holy Trinity

16-18 June: see the exhibitions schedule

19-23 June: from 4 PM to 7 PM

A white dove on alpha waves came to us with a mission: to show young couples, who decide to spend their lives together that they are destined to fly on alpha waves, which will transform them into one big heart. The heart, when in love, flows on alpha waves same as the dove. It is trembling and is undoubtedly ready to connect with others, creating new paths and joining the paths of two individuals, with completely different DNA - like two shadowy figures on a secession wall; two souls, two yearnings. This grand installation was created in order to present Idrija at the International lace congress OIDFA 2016.

Verjeli so, da so sanje in vizije povezava z božanskim. Ker v to verjame tudi avtorica sama, vas vabi, da se naužijete lepot zdravilnih kamnov, peres, naplavljenega lesa in svete geometrije v obliki čipk. Dreamcatchers, made by architect and designer Andrejka L. Kofol, are a modern interpretation of the dreamcatchers that North American Indians made for their babies. They believed that dreams and visions are connected to divine forces. The author shares this belief and invites you to experience the beauty of the healing stones, feathers, stranded wood and the holy geometry of lace. Patterns for Idrija lace were made by Sonja Mlakar and Anja Petek.

Dreamcatchers can be an exquisite gift for any personal holiday, weddings, births and business occasions. It can also be a beautiful and meaningful home, car, or office accessory.

STALNA RAZSTAVA MMI: IDRIJSKA ČIPKA, Z NITJO PISANA ZGODOVINA

Mestni muzej Idrija, grad Gewerkenegg, Prelovčeva 9
Vsak dan od 9.00 do 18.00

Idrija je doma in v svetu poznano središče izdelovanja klekljanih čipk. Najstarejši znani pisni vir, ki izpričuje to dejavnost na Slovenskem, je iz leta 1696 in govorji prav o čipkah iz Idrije. Kot je v preteklosti v svet potovalo idrijsko živo srebro, tako so potovale čipke – v prodajo, za dodatni zaslužek rudarskih družin.

Stalna razstava Idrijska čipka, z nitjo pisana zgodovina pripoveduje zgodbo o ročno klekljani idrijski čipki in njenih izdelovalkah – klekljaricah. Najlepše čipke in tekstilije, okrašene s čipkami, popeljejo obiskovalca iz preteklosti v sedanost, ko idrijska čipka dobiva pomembno mesto na modnih stezah priznanih slovenskih oblikovalcev.

PERMANENT EXHIBITION: IDRIJA LACE, A HISTORY WRITTEN WITH THREAD

Idrija Municipal Museum, Gewerkenegg Castle, Prelovčeva 9
Every day from 9 AM to 6 PM

In Slovenia and abroad, Idrija is considered a well-known bobbin lacemaking centre. The oldest known written source testifying to this activity in Slovenia originates from 1696 and describes the lace from Idrija. Just like the Idrija mercury, lace has also travelled the world in the past – it was sold to generate additional income for miners' families.

The permanent exhibition, Idrija Lace, a History Written with Thread, tells the story of the hand-made Idrija bobbin lace and its makers. Beautiful lace and textiles adorned with lace take the visitor from the past into the present when the Idrija lace occupies a prominent place in the fashion shows of renowned Slovenian designers.

16.-18. junij: po urniku razstav

19.-30. junij: od 15.00 do 18.00

Klekljanje in rudarstvo sta za Idrijčane neločljivo povezani; dva pola naše zgodbe, dve zgodbi, ki ju pripovedujemo obiskovalcem in zanamcem. Prav posebne prenašalke zgodb pa so razglednice in poštne znamke. Na majhnem koščku papirja, ki včasih prepotuje velike razdalje, se v podobah izrisujejo številne zgodbe z vsega sveta. Kar nekaj idrijskih filatelistov je svojo pozornost usmerilo v iskanje poštnih vrednotnic z zgodbami, ki so podobne naši. Tako so v letih zbiranja ustvarili zavidljivo kolekcijo znamk, ovojnici, razglednic in dopisnic, ki upodabljajo čipke, klekljarice ali njihov klekljarski pribor, rudarje in z rudarjenjem povezano tehnologijo ter običaje. Vse to si lahko ogledate na priložnostni razstavi, ki smo jo dopolnili še z izdajami Filatelističnega društva Idrija, ki se jih je od leta 1965 do danes nabralo že 115.

PHILATELIC EXHIBITION "THE LACE'S WHITENESS SHINES INTO THE DARKNESS OF THE TUNNELS"

Exhibition by the Philatelic Society Idrija (lace, miners, FD Idrija)

Idrija Public Library space in the Idrija Underpass Gallery

16-18 June: see the exhibitions schedule

19-30 June: From 3 PM to 6 PM

Lace-making and mining are inseparable in the minds of people from Idrija; they represent two sides of our story, two stories we tell to our visitors and friends. Postcards and post stamps tell stories in a very special way. A small piece of paper, which can travel over great distances, contains numerous stories from all around the world. Some philatelists from Idrija focused on finding postcards that contain stories similar to ours. Over the years of collecting, they have created an enviable collection of stamps, envelopes, and postcards that portray lace, lace-makers and their equipment, miners, mining technology and rituals related to mining. You can see all of this at the exhibition, which is supplemented with 115 FD Idrija editions that have been printed since 1965.

RAZSTAVA MAKET DAVIDA OGRIČA: IDRIJSKA DEDIŠČINA

Avla sedeža Gozdne uprave v Idriji, Trg sv. Ahacija 2

16.-18. junij: po urniku razstav

Idrija je naše najstarejše rudarsko mesto. Njeni začetki segajo v leto 1490, ko je Škafar odkril živo srebro. Idrijčani imamo čast, da se lahko pohvalimo z bogato kulturno in tehnično dediščino. Naš rudnik je za seboj pustil bogato zapuščino v samem rudniku in na površju. Rudarjenje je bilo tesno povezano z gozdarsko dejavnostjo. Potrebno je bilo ogromno lesa, ki so ga idrijski rudarji in gozdarji iz okoliških gozdov spravili do mesta. V ta namen so bile zgrajene klavže, grablje, drče ... Ta les je služil za izdelavo jaškov, rovov, podporij ...

Razstava to bogato dediščino prikazuje v maketah, ki so plod dolgoletnega dela in praktičnih izkušenj upokojenega rudarja Davida Ogriča.

Lepo vabljeni in srečno!

EXHIBITION OF SCALE MODELS BY DAVID OGRIČ: - IDRIJA'S HERITAGE

Lobby of the Headquarters of the Forestry Department St. Ahacius' Square 2
16-18 June: see the exhibitions schedule

Idrija is the oldest mining town in Slovenia. We can trace its beginning to year 1490, when Škafar first discovered precious mercury. Those of us who live in Idrija have the privilege and honour to boast about our rich cultural and technical heritage. Our mine left us with a valuable legacy inside and outside of it. Mining was frequently tightly associated with forestry. Miners needed a great deal of wood, which they, together with foresters, cut down in nearby forests and delivered to town. In order to do that, they constructed water barriers, timber slides, etc., while they used wood for the construction of shafts, tunnels and supporting structures.

The exhibition highlights the rich heritage in scale models, which is the result of many years of hard work and hands-on experience of the retired miner David Ogrič.

POLETIMO – POŽIVITEV BALKONOV DOMA UPOKOJENCEV IDRIJA

Dom upokojencev Idrija, Arkova ulica 4

Spontano se je porodila ideja o oživitvi balkonov idrijskega doma upokojencev. Ideje so se ob petkovih večerih zbirale in skupina ustvarjalnih klekljaric programa »Sodobni izzivi idrijske čipke« v Čipkarski šoli Idrija je skicirala, popravljala, risala, preizkušala, klekljala ... Nastali so takšni motivi, da nas bo pogled nanje še dolgo razveseljeval.

LET'S FLY... – THE REINVIGORATION OF THE BALCONIES OF THE RETIREMENT HOME IDRIJA

Retirement Home Idrija, Arkova ulica 4

Idea about the re-invigoration of the balconies in Retirement Home Idrija was spontaneous. The elderly pitched various ideas on Friday nights; ideas which a group of creative lace-makers, who attend the Modern Challenges of Idrija Lace programme at the Idrija Lace School, sketched, drawn and made lace out of them. Motifs they have created will bring us joy for a long time.

PREDAVANJE TINE KODER GRAJZAR: ČIPKA IN BARVA – DA ALI NE?

Center idrijske čipke, Prelovčeva 2
Sobota, 17. junij: od 15.00 do 16.00

S pojavom sodobne avtorske čipke je v dotej povečini belo-črni svet čipk vstopila barva. Mnogi jo sprejemajo z navdušenjem, kdo pa tudi meni, da barvasta čipka deluje kičasto in neokusno. Kdo ima prav oz. kako prav uporabljeni barvo v čipki, da bomo z njo dosegli kar najbolj estetski učinek? Ker barvo ljudje dojemamo izrazito čustveno in subjektivno, je na to vprašanje težko podati enoznačen odgovor – v pomoč sta nam lahko poznavanje likovno teoretskih dejstev ter opazovanje dobrih primerov iz prakse, veliko pa nas lahko nauči tudi narava, v kateri vedno vlada popolna barvna harmonija. Predavanju oblikovalke Tine Koder Grajzar bo sledil še praktični del, v katerem se bomo lahko posvetili vprašanjem udeleženk/udeležencev dogodka in konkretnim vprašanjem, s katerimi se srečujete pri rabi barve v svojih čipkastih izdelkih (ki jih lahko v ta namen prinesete s sabo).

LACE AND COLOUR – YES OR NO?

Centre of Idrija Lace, Prelovčeva 2
Sunday, 17 June: From 3 PM to 4 PM

With the appearance of modern authorial lace, colour entered into the otherwise black and white world. While many rave about this phenomenon, there are those who believe that using colour is kitschy and distasteful. Who is in the right and how to use colour in lace-making to achieve as aesthetic effect as possible? Due to our subjective and emotional experiencing of colours, there is no definitive answer; however, the knowledge of art theory and observing good practical examples can be of aid. We can also learn a lot from the nature, as it is always in perfect colour harmony. The lecture of the designer Tina Koder Grajzar, will be followed by a practical part, during which she will answer attendees' questions and dilemmas that they encountered, when they used colour in their lace-making (you can bring your own lace products to the lecture).

Bazoviška 4

Sobota, 17. junij: od 10.00 do 18.00

Nedelja, 18. junij: od 10.00 do 18.00, Bazoviška 4

Ena zadnjih idrijskih rudarskih hiš iz 2. polovice 18. stoletja stoji v brežini nedaleč stran od mestnega središča. S svojo višino, belo fasado, številnimi okni in ograjenim vrtom daje vtip mogočne stavbe, vendar opremljeno rudarsko stanovanje iz začetka 20. stoletja priča o skromnosti nekdanjih stanovalcev.

BITS OF LACE 3 - PRESENTATION OF THE MANUAL FOR IDRIJA LACE LACE-MAKING

Idrija Municipal Museum

Idrija miner's house, Bazoviška 4

17 June from 10 AM to 6 PM

18 June from 10 AM to 6 PM

One of the last miner's houses in Idrija from the second half of the 18th century is set on a hillside, not far from the town centre. Its height, white facade, numerous windows and enclosed garden give the impression of a magnificent building, but the equipped miner's flat from the early 20th century testifies to the modesty of the former residents.
